

Anthony Joseph is expected here soon to talk to the people of this county on the issues of the day. Other prominent democrats will come with him. They will be given a rousing reception by the democrats of Grant county.

Last week a bear was killed near Silver's ranch just above town. These animals are thicker in this part of the territory than they have been before within the memory of the oldest inhabitant.

It is expected that the new Confidence mill will be started at Mogollon as soon as the shipment of quicksilver arrives in the camp for the use of the mill.

#### Big Flow of Water.

Mr. R. P. Hart recently concluded to sink his new well, located near the slaughter house, with the expectation of making a larger reservoir, so that more water could accumulate during the night, thus enabling him to pump longer and have more water for his cattle. The bottom of the well was a conglomerate hardpan. After sinking for a few feet this was passed and a sand appeared, carrying a large body of water.

The next day he started his steam pump intending to sink it still farther, but was unable to pump the well out. The pump throws about three thousand gallons an hour. After running it a few hours he is able to reduce the water so there is about six feet in the well, and is unable to lower it, although he has run the pump steady for eleven hours. The water is a different water from any that has been discovered in the valley before; it is sweet and soft and gives no taste of alkali.

Mr Hart thinks that he has the underground river that has always been supposed to exist in the valley north of town, and if this is a fact, he probably has an inexhaustible supply of water. The reason for thinking this to be the river is that there are many different wells in the valley that are as deep or deeper than this one, that have gone through the same conglomerates, but in none of them is there such water as this, nor such a supply. All of which makes Mr. Hart feel particularly good.—Western Liberal.

There will be a big democratic ratification meeting at Deming next Saturday. The democratic candidates will be there and a big time is expected.

Ore shipments from Hanover are very heavy now. Shipments to Pueblo average from 120 to 150 tons a day and occasionally shipments reach nearly 200 tons a day.

Quite a large number of cattle have been driven from the Mangas to the upper Gila where there is more feed. Cattlemen are looking out for feed for their cattle this winter.

A light rain fell last Sunday night. There was not enough to do any good except to lay the dust.

#### MUD BATHS.

The Novel Treatment Undergone by Invalids in Italy.

There is nothing particularly enticing in the sound of "mud baths," and those who have tried them at Homburg and other places find them not agreeable as experiences, however efficacious they may be as a treatment. At most spas the process is simply that of pouring mud into one's bath, but at some Italian baths to which the fashionably sick are turning, a traveler, who has taken them, finds that they are quite different. The mud, in a very hot and almost dry form, much of the consist-

#### Notice for Publication.

LAND OFFICE AT LAS CRUCES, N. M.,  
September 8, 1894.

NOTICE IS HEREBY GIVEN THAT THE following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the probate judge or probate clerk at Silver City, N. M., on October 20, 1894, viz: James F. Miller, who made Hd. application No. 2382 for the s-w 1/4 Sec. 11, Tp. 15 s, R. 21 w.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz:

Theodore Pitts, of Carlisle, N. M.; Walter Pitts, of Carlisle, N. M.; James R. Wilson, of Gila, N. M.; C. C. Miller, of Carlisle, N. M.

Any person who desires to protest against the allowance of such proof, or who knows of any substantial reason, under the law and the regulations of the interior department, why such proof should not be allowed, will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

JOHN D. BRYAN,  
4-6t Register.

# WHOA!
